Suwon City

Located in the southern central area of Gyeonggi Province (127°longitude, 37°latitude), Suwon is one of the largest self-governed cities in the country with a population of over 1.1 million and an area of 121.008km².

At the center of the city is Mount Paldalsan that stands 143 meters above sea level with the magnificent Mount Gwanggyosan to the North and Mount Chilbosan to the west surrounding the city and its plain to the south.

The weather is mostly temperate with an average annual temperature of 13°C and average precipitation of 1,370mm that typify the climate of the central region.
